Name - Chinmayee Rana
Regd. No. - 2141018149
Section - CSE-'Z'

Assignment - 1

Draw your Home Network Topology and explain it.

Explanation: —

- Modem / Router :— Connects to the internet via your ISP (fiber, DSL, Cable, etc.). It combines the functions of a modem & router in many setups.
- Wired Devices :— (e.g., Desktop PC, Smart TV, Laptop). These connect via Ethernet cables for stable & fast connections.
- Wifi Access point :— Built into the router or an additional device. Provides wireless access for devices and smart gadgets.
- Wireless Devices :— (e.g., phones, Tablets, smart Devices) Connect via wifi to the router/AP.

Optional Additions :—

- Network Switch :— Expands Ethernet ports if more wired devices are needed.
- NAS (Network Attached Storage) :— For centralized file sharing.
